MEET PUIY

LIFE LINE YOUTH DEVELOPMENT CENTRE (A PROJECT OF WORLD WIDE LIFE HUMANITARIAN PARTNERSHIP SOCIETY)

Puiy's full name is Phonchanan Saenmal, she is Red Lahu, from a family of poor rice farmers who live in a remote Hill Tribe Village.

Puiy was raised in Children's homes from a young age, as her family lacks the resources to provide for her education and needs. Puiy is 162 cm tall and weighs 54 kg, and as you can see has a beautiful smile. Puiy's birthday is on 22 June and she will be 18 years old.

Destiny Rescue mission in Chiang Rai supported Puiy for many years and after closing their children's home, Puiy was left with no support or resources to continue her education, even though she had completed two years of a program in food sciences at Chiang Rai Vocational College.

Puiy was sent back to her village to find a way to survive and thought she would never be able to complete the dream of finishing her education and making a better life for herself. Poor Hill Tribe girls that are sent back to villages have little choice other than to get married off or possibly end up exploited.

When we got a call from a Pastor friend, asking if we would help Puiy, we jumped at the chance, and through a few hoops, to get her out of the village and back into her program although school had already started.

Puiy is very shy, understands very little English, and does not think she is smart or beautiful, but we know that's not true and with your help are determined to give her the opportunity to know the truth, follow her dream to finish school and learn just how valuable and wonderful she is.
